

## HEALTHY CHURCH PROFILE

Transformation Ministries exists to help covenanting churches be all God is calling them to be. To this end, Transformation Ministries is committed to resource, coach, and encourage churches towards ever greater Kingdom effectiveness. What is a healthy church?

A healthy church is a God-glorifying, Christ-centered, Spirit-empowered community of believers on mission to the world. As such, it is a transformative force in its community:

- reaching people for Christ
- reproducing disciples and leaders
- multiplying new congregations, sites and churches.

Healthy churches are marked by:

- A love for Jesus Christ and a joyful surrender to His leading
- A commitment to Biblical authority demonstrated in a desire to know and live the scriptures
- Outward focused and visionary leadership
- God-exalting and engaging worship services
- A clear and effective discipleship pathway
- Relationships of support, love and unity within the church
- Actively serving those outside the church
- Empowering and appropriate governance/management
- A humility which recognizes the need for ongoing learning; a faith which believes God for great things
- Kingdom partnerships with sister churches and other Christ-centered churches and organizations.
